Objective: To obtain an entry level genetic engineering position working with hoofed animals at a bovine research facility specializing in mutants and mutantology.

Education  
Purdue University B.S. in Mutantology  
May 2004  
Minor in Underwater Basket-Weaving  
G.P.A. 6.0

Work History  
Johnsonville Farms – Assistant Sausage Maker  
(Jan. 1999 – Feb. 2002)  
-Made Sausage  
-Tested Sausage  
-Sold Sausage

Bank of America  
Head Bank Robber, 2001-2002  
Conducted research.  
Planned robberies.  
Utilized several tools to implement proactive bank robbing solutions in a friendly, customer-oriented environment.

Research Assistant (summer 2003)  
Purdue University, Dept. of Mutantology  
Build-A-Mutant Project  
In this project, we facilitated the growth of several new types of bovine mutants, including the laser-eye cow, the flying cow, and the interrupting cow.

Awards and Honors  
Nobel Peace Prize – Oslo, Norway 2006  
Pulitzer Prize for Photography , 2009  
Dean's List: 2002-2003
